Press Release

BNTU Marks Its 50th Anniversary

July 20th, 2020, Today the Belize National Teachers' Union (BNTU) proudly celebrates its Golden Anniversary under the theme **"BNTU @ 50: Defending, Empowering and Transforming Teachers, Students and Nation."** Due to the ongoing constraints of the unprecedented global pandemic, COVID 19, the Union earlier last month made the tough decision to cancel all our planned celebratory activities.

Through this medium however, we wish to publicly thank the members, supporters and friends of the Union, for your unwavering commitment to the work of the BNTU. We must acknowledge all those past and present leaders of the Union who have and continue to contribute to the vibrancy of this organization. BNTU, without a doubt, stands as the most steadfast and vocal workers Union in the country of Belize. We are proud to proclaim that our work not only ensures benefits for our financial members but also for the entire population of Belize. We have boldly taken on many challenges over the years with our motto **"Service, Security, Success"** as our guiding principles.

Today, as we look back on all of the Union's many achievements, it is not with the resignation of a job well done but with a burning passion to continue blazing towards even better accomplishments in the future.

Happy 50th Anniversary, Belize National Teachers' Union!

**LONG LIVE THE BNTU,
SOLIDARITY FOREVER!!!**

Motto: Service, Security, Success
